PROFILE

I am an experienced AI Developer with a passion for building intelligent systems that solve real-world problems. I have over 5 years of hands-on experience in artificial intelligence, including expertise in machine learning, deep learning, and natural language processing. I stay updated with the latest advancements in AI technologies and frameworks. I take pride in designing efficient models, optimizing performance, and delivering accurate predictive solutions. I am highly analytical, detail-oriented, and skilled at translating complex algorithms into practical, impactful applications that enhance decision-making and business outcomes.

WORK EXPERIENCE

AI INTERN

EDUNET FOUNDATION

April 2025 - May 2025

- Gained hands-on experience in AI and Machine Learning .
- Developed and trained ML models using Python and libraries
- Worked on data preprocessing, feature extraction, and model evaluation
- Collaborated in team projects focusing on real-world AI applications
- Completed Edunet's structured training modules on AI ethics, data handling
- Presented final project findings through detailed reports and using Matplotlib
- Participate in open houses and home tours

EDUCATION

SNS COLLEGE OF ENGINEERING

2024-2028

B.E.Computer Science And Design

CERTIFICATIONS

- AI Foundations
- Google Data Science Foundations
- DataBricks

SKILLS

- Problem Solving
- Communication skills
- Design Thinking
- Analytical skills
- management skills
